THE NEXT MRAC MEETING

Date: Thursday - May 27, 1993

Time: 7:30 P.M.

Place: Wauwatosa Savings and Loan at 75th and State in Wauwatosa

Program: Wayne Schrubbe - WB9LNU will talk about Fox Hunting, antennas, Attenuation pads, and other helpful equipment and operating procedures.

June Meeting: June 24, 1993

Program: This year our Annual meeting has been moved to June 24, 1993, and will consist of the election of three people to the Board of Directors (so far we have three candidates for the office) and Auction. Travis Baird - W9VQD will be the Auctioneer. So, bring whatever you have to the June 24th meeting. Your junk just may become a treasure to someone else. You never can tell.

[illegible]

FROM THE PRESIDENT'S DESK:

By the end of this month I will be giving each officer and director a new challenge. Due to the fact that we decided to operate twelve months of the year we will need new activities. I hope that they can come up with outside activities for our new meeting months of July and August.

I'm happy to say that our Friday and Saturday activities are going quite well. Our Friday night 9:00 p.m. 10 meter net has had past Presidents along with old and new members checking in. Our Saturday morning, 8:30 a.m., Maxim's near Timmerman Field Breakfast Meeting was an idea that has definitely taken flight (4-12 people usually in attendance)! We find eight to twelve people in attendance each week. We even get Life Members who now live in Florida to attend when they are in town.

Our next meeting will be May 27th. We will be asking for nominations for three Director positions at this meeting. Our annual meeting will be June 24th. at this meeting we will have our election. As per normal, Travis will run our auction, so bring your goodies!

I would like to thank our Officers and Directors for their positive attitudes shown at past meetings. I hope that all Club members will show some positive action by showing up at our next meeting.

73

Q.W.L.

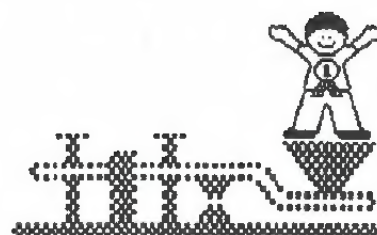

Ed Wille - W9PWG

MILWAUKEE AREA NET INFORMATION

DAY	TIME	MBZ	ACTIVITY
DAILY	6-8 AM	14.290	Wisconsin/Florida Net
MON	9:00 PM	146.670	ARES Net (Milwaukee-Waukesha)

Village at Manor Park (was Methodist Manor)

3023 S. 84th St.

Milwaukee, WI

Walk-ins are welcome, but preregistration is requested if possible. To register in advance, send a post card on which you have printed the grade of license for which you are applying, your name, address and telephone number to:

c/o Jack Krause-W9JK
1737 N. 116th St.
Wauwatosa, WI 53226

c/o Les Peterson - W9TCV
9741 W. Howard
Greenfield, WI 53228

For more information call:

466-HAMS

Saturday Exams *

Last Saturday of Each Month

at 8:30 am

at Wauwatosa S&L

7500 W. State St. Wauwatosa

SWAT TEAM Exams *

2nd SAT of each month

at 1:00pm

Next testing April 10, 1993.

Wauwatosa S&L

6560 S. 27th ST.

Oak Creek, WI

Enter the north end of the building,
downstairs and follow the signs.

JUN.....12	OCT.....9
JUL.....10	NOV.....13
SEP.....11	DEC.....11

For more info call:

KB9QL - Norman McNew (414) 764-5998
or AA9DO - Joe Mattry (414) 761-9219.

* Bring your license (if any) and 2 copies
also the same for CSCE's you may have.
Originals will be returned to you.
\$5.00 charge for exams for ALL
classes of license.

The name Milwaukee
came from Mahn-a-waukes Seepe
(gathering place by the river) and was a
gathering place for various Indian tribes,
near where the Milwaukee, Menomonee,
and Kinnickinnic rivers join and flow into
Milwaukee Bay.

REPEATER SITE

As you all may know we are in the initial stages of setting up a 220 MHz repeater for "Our Club".

There are several reasons for picking 220 MHz:

1. It is legally accessible to Novices.
2. 220 MHz is a relatively quiet band, (we need to use it or the FCC will take it away).

Here are a few things that we need prior to setting up the repeater.

1. We need a location for the repeater (See below).
2. We need a coordinated frequency to use. In order to get a coordinated frequency we need to know the location where the repeater will be (see above).
3. We need some equipment. This is not the big problem. (see above).
4. We need some Hams to install and maintain the equipment.
5. We need some people to be control operators (with appropriate Ham license).

Please keep your eyes open. Any place you might think feasible (maybe a Hospital, TV station, business building, an antenna tower [not an AM antenna tower]) investigate it or at least let us know about it.

Joe Rayome ... KE9LL at 463-7668

Bill Jones KP9FA at 781-4565

Ed Wille W9PWG at 461-5961

(or call 466-HAMS and leave a message).

Remember, this is a public service.

Here is a brief list of requirements for our proposed repeater site:

1. Reasonable height above the average surrounding terrain to provide the best possible coverage.
2. Accessibility is preferred on a 24-hour basis in case emergency repairs to the machine are necessary, i.e. if lightning strike disables the system (remember this is also an emergency service). Access cannot be limited to normal business hours; however, after hours access can be limited to a specific number of individuals.
3. 120 volt commercial power is needed. We will make our own provision for emergency power.
4. Telephone line access is highly desirable. Provision of this service reduces the number of on-site visits needed.
5. Approximately 16 to 20 square feet of floor space would be needed. Space could be shared with some other types of equipment. The space must not be exposed to temperature extremes.

OUR PEOPLE, Etc.

W9RH TEN METER NET

Ten Meter Net is coming around quite well, with an average check/in of around 10-12 people. We meet Friday evening at 9:00 p.m. at 28.4 MHz.

Y'all come!

SILENT KEY

Marv Rutishauser - KB9PKL passed away in March.

NEW MRAC MEMBER

Let's welcome Carlos Barron - N9NYL.

SPECIAL THANKS

A special thanks to John Hamington - N9FPG for the donation of an HW-101 Transceiver to the Club. We will be using it at the Field Day site on June 26th & 27th.

HOSPITALIZED

Jerry Thompson - KA9SPH (Santa's Fat Helper) was hospitalized for surgery on May 10. In his absence Dick Schlatterer - KA9MTY will fill in as Circulation Manager until Jerry can get back up on his feet.

NOTICE OF POLICY CHANGES

From now on, Dues notices will be sent out in September. If Dues aren't paid by January 1, you will be dropped from the roster, Hamateur Chatter mailings, other Club mailings, along with losing Voting Rights at the meetings.

VEC's may now charge (\$5.00) for ALL TESTS including NOVICE test to recoup testing costs.

APRIL FIELD DAY PREPARATIONS!

Well, it's getting to be that time of the year again. Preparations are under way for the the ARRL Field Day which is on June 26th & 27th this year.

Field Day is a fun way for us to check out our Emergency Preparedness by setting up Ham stations somewhere away from ordinary power sources and getting on the air by alternate power means and then seeing how many contacts we can make.

It's a 24 hour affair, but you don't have to stay the whole time (come and go as you please) - there will be some one there manning the station the whole time. The camaraderie is great.

This year the M.R.A.C. is setting up operations at Camp Laramie (Boy Scout Camp) at Silver Lake near Oconomowoc. We are setting up three tents, and there will be two club rigs, a couple of 110 volt AC generators, a tripod tower rotatable beam antenna. There will be setups for CW, Packet, and SSR among other modes. If any of you have Solar Power capabilities, there are extra points for it.

We still need help with some signs and setting up at the Field Day site.

When (not if) you do visit please bring your own headphones and chairs for operation and if you plan to spend the night, your own camping equipment.

One meal will be provided on Saturday evening otherwise you are on your own for food and beverages during the rest of the time. Take along insect repellant (I hear the bugs are supposed to be terrible this year), and rain gear (just in case). In keeping with the location that we are using, remember the Scout motto "Be prepared".

Also in bear in mind that we just may have in attendance, some of the media (like maybe TV channels 4, 6, 12, and the Milwaukee Journal/Sentinel). They have been alerted about our activities.

For additional information
or to volunteer contact

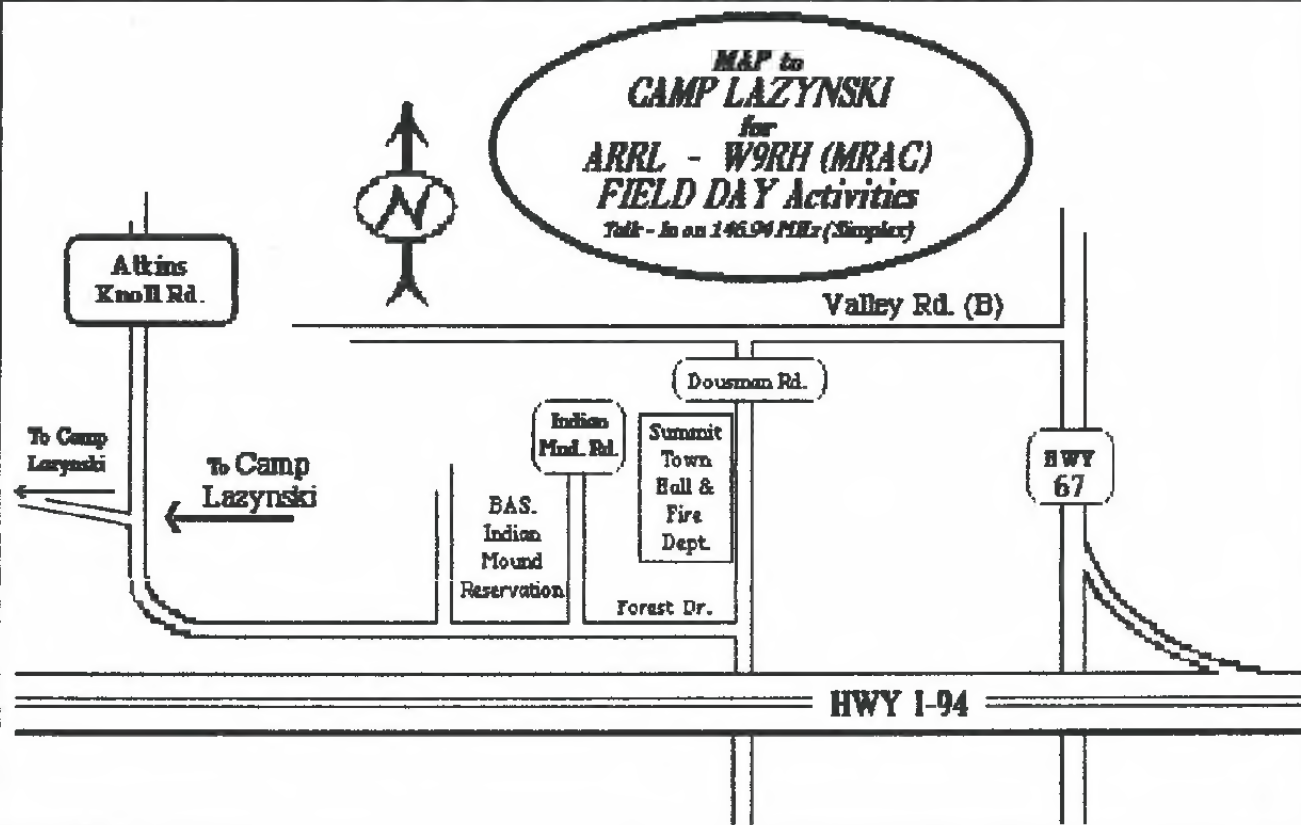

Field Day Chairman

Wayne Schube. - N9RXB 774-8729

OF
